Objective

Seeking a Software Development Engineer role to apply strong problem-solving skills and knowledge of Data Structures and Algorithms, C++, Python, and Web Development to build efficient software solutions and gain hands-on industry experience.

Education

United College of Engineering & Research, Prayagraj 2023 – 2027
Bachelor of Technology in Computer Science and Engineering CGPA: 6.7

M.P. Memorial School, Varanasi
Class XII (CBSE): 72.2% 2022
Class X (CBSE): 74.4% 2020

Technical Skills

Languages: C++, Python, SQL, Java, JavaScript, HTML, CSS
Developer Tools: VS Code, Git, GitHub
Core Subjects: DSA, DBMS, OS, OOPs, Computer Networks

Experience

Java Programming Internship – IIT Kanpur Aug 2024

- Completed hands-on training in Java programming and object-oriented programming concepts.
- Solved 50+ coding problems focused on logic building, arrays, and OOP implementation.

Summer Internship – Generative AI, IBM Jul 2025 – Aug 2025

- Explored fundamentals of Generative AI, Large Language Models (LLMs), and Prompt Engineering.
- Worked on AI workflows involving text generation and prompt optimization techniques.

Event Coordinator – College Events

- Coordinated technical and esports events with 100+ participants.
- Supervised logistics and execution teams to ensure smooth event operations.

Projects

QR-Based Lost & Found System

- Built a QR-based system for efficient lost item tracking and recovery.
- Integrated secure owner verification and reporting functionalities.

Fake News Generator & Detector

- Engineered an NLP-based system for fake news generation and detection.
- Applied machine learning techniques for text classification and analysis.

Airline Management System

- Designed a Java-based application for booking and scheduling operations.
- Managed passenger records using structured object-oriented logic.

Certifications & Achievements

- Generative AI Certification – IBM
- Java Programming Certification – IIT Techkriti
- Python Programming Certification – HCL GUVI
- Active problem solver on LeetCode and GeeksforGeeks
